Crunch Accounting named England's fastest growing firm

Online firm takes 84th place in prestigious Accountancy Age top 100 list

www.crunch.co.uk

Hove-based Crunch Accounting has this week been named the fastest growing accountancy firm in England and joint fastest in the UK, according to Accountancy Age's annual Top 50+50 report.

In the past year Crunch has climbed 13 places to 84th on the esteemed annual list, which details the top 100 biggest accountancy firms in Britain.

Crunch's fee income from the year was £5.14 million, a 50% rise from 2014 - joint fastest growth of all UK firms. The Crunch team have regained the title for fastest growth, an accolade they previously held in 2013.

Founded just over six years ago, Crunch's team of accountants now support more than 7,000 freelancers, contractors and small businesses. Crunch also recently welcomed its 150th staff member and increased their office space by 50% in Hove's Dubarry Perfume Factory.

Darren Fell, Crunch CEO, said, "Accountancy Age's Top 50+50 is the ultimate measure of success in the accountancy industry. Reaching 84th place shows just how massive the past year has been for Crunch.

"A huge factor in our growth is our dedication to fair and consistent pricing, which is something many traditional accountants struggle with even today. We want to help our clients grow and knowing exactly how much their accounting will cost every year is just one of the ways we do that."

"This industry accolade is the icing on the cake. Everything indicates great things for Crunch Accounting's future".
